GOOD AFTERNOON! MY NAME IS OGERETSU TANAKA.
(QUITE THE NAME, EH?)

After this, when they fight, they'll feel down and get depressed, but end up closer in the end, I think.
They're both uninterested in fashion, so they both end up wearing the same type of clothing.
They're not the same type, but they really suit each other.
These two willful, proud guys sure had a lot of problems.
Cream-colored Anxiety
Hard to Handle

I'm still inexperienced, but I'm super grateful!
This is my second volume of comics but I'm feeling just as thrilled as the first one...!
Thank you so much for getting this book!
I hope to see you all again.!
Really, thank you so much

"Kenai Ruhi no Tadashii Furikata" has a spinoff featuring Kan-chan, the violent boyfriend. It's still in the editing process, but please read his story, too!
You can read this book thanks to my former editor and the designer. Thank you so much for carrying me through this!
He's the ukе next time. Look forward to the sequel

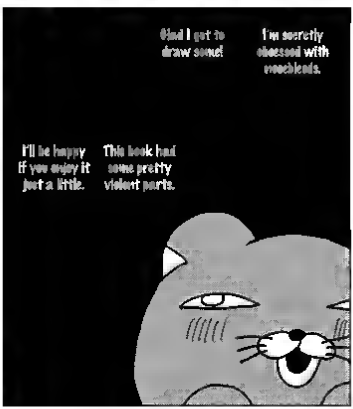
Hard to Handle



Glad I got to draw some!
I'm secretly obsessed with crocheting.
I'll be happy if you enjoy it just a little.
This book had some pretty violent parts.
